Re: WQM - Storage Tank Program
Scott Paper Company
City of Chester
Delaware County

Dear Mr. Kuchibhotla:

This is in reply to your February 7, 1991 correspondence concerning the closure in place of a No. 6 fuel oil underground storage tank.

Scott Paper Company may proceed with the in-situ closure of this tank, however, the monitoring and sampling of the three groundwater wells for TPH and BTEX should continue on a quarterly basis. These results should be submitted to this office within 30 days following the end of each quarter. After one year of data collection, we will determine if further monitoring is needed.

If you have any questions, please feel free to call me.

Very truly yours,

Richard Breitenstein
